BACON AND MUSHROOM DIP

"Served warm!"

8 slices bacon
8 ounces fresh mushrooms,
chopped
1/2 cup finely diced onions
1 clove garlic, minced
2 tablespoons flour
1/2 teaspoon salt

1/8 teaspoon fresh cracked
pepper
1 8-ounce package cream
cheese, cubed
2 teaspoons Worcestershire
sauce
1 teaspoon soy sauce
1/2 cup sour cream

Cook bacon until crisp; drain and set aside. Reserve 2 tablespoons bacon drippings. Sauté mushrooms, onions and garlic in reserved drippings until soft and most of the liquid has evaporated. Stir in flour, salt and pepper and allow to bubble on medium heat for 2 minutes; stir frequently. Add cream cheese, Worcestershire and soy sauce; heat on low until cheese melts. Stir in sour cream and crumbled bacon. Serve warm. Yields 2 1/2 cups. Serve with melba toast, bread sticks or crackers.

Note: Can be made a day ahead and reheated in a double boiler, or microwave. Additional cooked bacon can be used to garnish the top. Do not allow to boil when reheating.

“Extra delicious!”
