

Words Worth Eating

SPLIT PEA SOUP

“Rich, delicious and easy to make!”

1 cup diced ham
1 cup dried split peas
1½ quarts cold water
1 teaspoon instant chicken
bouillon
2 ribs celery, cut in 1-inch
pieces
2-3 sprigs parsley

1 large onion, quartered
1 large carrot, pared and
quartered
1 tablespoon freeze-dried
chives
1 teaspoon onion salt
1 teaspoon sugar
½ teaspoon seasoning salt (over)

1/8 teaspoon black pepper
1 cup half and half

croutons, your choice of flavors

Combine the first 8 ingredients; bring to boil. Cover and simmer for one hour. Pour the soup and all seasonings into a blender or food processor to puree. Add half and half and gently reheat. Serves 6.

Note: A ham bone may be used in place of the diced ham. If you desire pieces of ham in the soup, remove a few cubes before pureeing. Return ham to soup when the half and half is added.

"If a thinner consistency is desired, add more half and half. Top with your favorite croutons and serve with sandwiches for a winter taste treat!"
