

SPRINGTIME ASPARAGUS

"A seasonal specialty!"

1-1 $\frac{1}{4}$ pounds asparagus spears

1 hard-cooked egg

2-3 tablespoons butter

1 tablespoon finely chopped parsley

$\frac{1}{4}$ teaspoon salt

$\frac{1}{8}$ teaspoon freshly ground black pepper

$\frac{1}{8}$ teaspoon nutmeg

...from our quick and easy collection

Starting 2 inches below the tip, use a vegetables peeler to remove outer covering from stalks; cut off tough ends. In a large skillet add asparagus and just enough water to cover; bring to a boil and simmer 2-4 minutes or until just tender; drain and place on a warmed platter. Put egg through a fine sieve or strainer and sprinkle over asparagus. Melt butter in small skillet; allow to brown slightly; add parsley, salt and pepper and spoon over asparagus. Sprinkle lightly with nutmeg. Serves 4.

“Delicious with a grilled butterflied leg of lamb!”
