

A traditional holiday favorite everybody talks about, but hardly anybody knows how to make. All it takes is a simple batter you can make ahead of time and refrigerate in a storage dish. When guests arrive, simply combine batter, boiling water and rum (or rum flavoring), and in two minutes you're ready to serve a hearty round of drinks.

THE BATTER

Cream $\frac{1}{4}$ lb. of butter with 1 lb. of dark brown sugar. Sprinkle and mix thoroughly into batter $\frac{1}{4}$ tsp. each of ground cinnamon, ground nutmeg and ground cloves.

To store, refrigerate in covered container.

THE DRINK

Into each cup or mug place one heaping tbs. of batter. Add $1\frac{1}{2}$ ounces dark rum, or rum flavoring to taste. Fill with boiling hot water, stir and serve.
