

## GRASSHOPPER PIE

WITH A rolling pin, crush enough chocolate wafers to make  $1\frac{1}{2}$  cups fine crumbs. Mix crumbs with  $\frac{1}{4}$  cup each sugar and melted butter. Press the crumbs firmly against the bottom and sides of a well buttered pie plate. Bake crust in very hot oven (450 degrees F.) for five minutes and then cool it.

Soften  $1\frac{1}{2}$  teaspoons gelatin in  $\frac{1}{3}$  cup heavy cream and dissolve it over hot water. Beat  $\frac{1}{4}$  cup sugar into four beaten egg yolks. Stir in  $\frac{1}{4}$  cup each of creme de cacao and creme de menthe (green) and the dissolved gelatin. Chill the mixture until it is slightly thickened. Fold in 1 cup heavy cream whipped.

Pour the filling into the prepared shell and chill pie until it is firm. Sprinkle the pie with crushed mint-flavored chocolate. C. H.
