ELEGANT FILET MIGNON

"Topped with a superb butter sauce!"

4 filets mignons (approximately
1 1/2-2 inches thick)

2-3 teaspoons freshly cracked
black pepper

or

2-3 teaspoons Spice Islands
fine or medium grind
black pepper

2 teaspoons extra-virgin
olive oil

4-7 tablespoons butter

3-6 whole shallots,
sliced in half

1/2 cup beef bouillon

2-3 tablespoons red wine
vinegar

(over)

1-2 tablespoons Worcestershire sauce *sliced green onions, for garnish*

Dry filets and sprinkle each side generously with 1/2 teaspoon pepper; press pepper into beef. Place on plate and cover; refrigerate 2-3 hours. In a skillet, heat olive oil and add 1 tablespoon butter; cook quickly on each side (approximately 4-6 minutes per side). Place meat on a warm platter; keep warm. Pour pan drippings from skillet and add 2-3 tablespoons butter. Saute shallots for one minute over medium heat; add beef bouillon. Increase heat and boil to reduce pan juices to 2 tablespoons. Be sure to scrape bottom of pan well while sauce is cooking; add red wine vinegar and Worcestershire sauce; boil one minute. Add remaining 2-3 tablespoons butter and mix with pan juices; pour over filets. Garnish with sliced green onions. Serve immediately. Serves 4.

Note: Sliced mushrooms can be substituted for shallots. Use only the best grade of extra-virgin olive oil for this recipe.
