## FRESH PEACH PIE

*"Layers of peaches in a cool and creamy filling."*

1 graham cracker crust  
6 large ripe peaches, peeled and  
sliced  
1 8 ounce package cream cheese

1 can condensed milk  
 $\frac{1}{3}$  cup lemon juice  
1 teaspoon vanilla

Line the pie crust with half of the sliced peaches. Combine cheese, milk, lemon juice and vanilla; mix well. Pour over the peaches; top with remaining peaches. Cover with plastic wrap and allow to chill 3-6 hours before serving. Serves 6.

*Note: A prepared pie crust is fine for this recipe.*

“Better make two! This pie will disappear before your eyes!”
