...from our quick and easy collection

Rub salmon with olive oil and season generously with salt and pepper; grill, starting with flesh side down, for 4-6 minutes on a medium hot gas grill. Turn and continue grilling for 4-7 minutes depending on thickness of fillets. Do not overcook.

SAUCE: Combine all ingredients and chill until ready to serve. Serves 4.

TO SERVE: Place fillets on serving plate and top with sauce and garnish.

GRILLING NOTES: Afraid to grill seafood or a large fillet? The secret to grilling salmon is to oil the fish and the hot grill. Always start with flesh side down and don't move the fillets once they touch the hot grill. Grill on the flesh side only until well marked and lightly cooked; turn with an 1 or 2 extra-wide spatulas and continue grilling skin side down.
