

MARINATED FLANK STEAK

Joan B. Dishman

This one is our favorite.

1/2 the recipe

1 to 2 lb. flank steak, scored
1 1/2 c. oil
3/4 c. soy sauce
1/2 c. wine vinegar
1/3 c. fresh lemon juice
1/4 c. Worcestershire sauce

2 T. Dijon mustard
1 T. black pepper, coarse
ground
1 1/2 tsp. parsley flakes
1 garlic clove, crushed

In blender, combine everything but meat and whirl to mix. Place meat in plastic bag with zipper closing and pour one half of the marinade over it. Put bag into flat bowl and refrigerate from 12 to 24 hours, turning bag occasionally. Barbecue steak on outdoor grill about 4 to 6 minutes on each side. It should be pink in the middle. The rest of the marinade will keep in the refrigerator for several months. Be sure to cut the meat into thin, diagonal slices.
