prep: 22 min., bake: 58 min., chill: 8 hr.

Raspberry preserves make a luscious layer within this cheesecake.

2 cups graham cracker crumbs
3 tablespoons sugar
 $\frac{1}{2}$ cup butter, melted
5 (8-ounce) packages cream cheese, softened
1 cup sugar

2 large eggs

1 tablespoon vanilla extract

12 ounces white chocolate, melted and cooled slightly

$\frac{3}{4}$ cup raspberry preserves

Garnish: fresh raspberries

1. Preheat oven to 350°. Combine first 3 ingredients; press crumb mixture into bottom of a lightly greased 9-inch springform pan. Bake at 350° for 8 minutes; cool slightly.
2. Beat cream cheese at medium speed with an electric mixer until creamy; gradually add 1 cup sugar, beating well. Add eggs, 1 at a time, beating after each addition. Stir in vanilla. Add melted white chocolate, beating well.
3. Microwave raspberry preserves in a small microwave-safe bowl at HIGH 30 seconds to 1 minute or until melted; stir well.
4. Spoon half of cream cheese batter into prepared crust; spread a little more than half of melted preserves over batter, leaving a $\frac{3}{4}$ -inch border. Spoon remaining cream cheese batter around edges of pan, spreading toward the center. Cover remaining raspberry preserves, and chill.
5. Bake at 350° for 50 minutes or until cheesecake is just set and slightly browned. Remove from oven; cool completely on a wire rack. Cover and chill at least 8 hours.
6. Run a knife around edge of pan, and release sides. Reheat remaining preserves briefly in microwave to melt. Pour preserves over top of cheesecake, leaving a 1-inch border. Remove sides of pan. Garnish each serving, if desired. Store in refrigerator.
