

Cheese Cake (Cook it)

- 1 cup Graham Cracker Crumbs
- 1 lb. Small Curd cream style Cottage Cheese
- 2 (8 oz.) pkgs. Cream Cheese (softened)
- 1-3/4 cup Sugar
- 4 eggs slightly beaten
- 1/3 cup Cornstarch
- 1/3 cup Lemon juice
- 2 tablespoon of Vanilla
- 1 stick Butter (melted)
- 1 pint Sour Cream

Preheat oven, 325 degrees. Grease a large cheese cake pan with butter generously, dust pan with Graham Cracker Crumbs then add rest of crumbs to make a thick crust in bottom of the prepared pan.

Place cottage cheese and cream cheese in large mixing bowl (or blender) beat at high speed until well blended and creamy.

Beating with high speed blend in sugar, eggs. Reduce speed to low, add cornstarch, lemon juice and vanilla. Beat until blended smooth.

Add melted margarine or butter and sour cream, blend well again.

Pour into prepared pan. Donot stir.

Bake in 325 degree oven for 1 hour and 10 minutes-or until firm around the edges.

Turn off oven and let cake stay in oven for two hours.

Remove from oven and cool on wire rack. Chill. Remove sides of pan or loosen sides.

Cheese cake may be frozen if desired.

Serving: 16 to 20 servings.
