

/ Cup Cakes With Orange Frosting

$\frac{1}{4}$ cup butter or other fat.
2 cups sugar
4 eggs

1 cup milk
3 cups flour
4 tsp. baking powder

Mix according to the usual method for butter cakes, and bake in gem tins. This recipe should make 24 cakes. The following frosting is recommended as a means of using orange juice and uncooked yolks of eggs:

Frosting

2 tbsp orange juice

Yolk of one egg

Grated rind of one orange

Confectioners' sugar.

Let the rind stand in the orange juice for 15 or 20 min.

Strain and add the yolk of the egg to the juice, mix (over)

thoroughly and add confectioners' sugar until of
~~the right consistency to spread.~~

(Good for lunches)
