Words Worth Eating

FRESH LEMON POUND CAKE

"Starts with a mix!"

1 small package lemon gelatin
1 cup boiling water
3/4 cup Canola oil
1 2-layer size lemon cake mix
4 eggs
1 tablespoon fresh lemon juice

1 teaspoon lemon extract

TOPPING:

juice of 2 fresh lemons
1/2-1 cup confectioner's
sugar, sifted

Preheat oven to 325; grease a 10-inch bundt cake or tube pan. Mix lemon gelatin in water in mixing bowl; stir until completely dissolved. Add oil and cake mix; mix on low speed until cake is completely mixed in. Increase speed to medium and add eggs, one at a time. Stir in lemon juice and extract. Pour into prepared pan and bake for 1 hour or until cake springs back when pressed gently. Remove from oven and place on cooling rack for 10 minutes; remove from pan and slowly pour juice of 2 fresh lemons over hot cake. Allow cake to stand several hours before serving. When ready to serve, sift powdered sugar over top of cake. Yields 12-16 servings.

" A great traveling cake that goes well with all summer picnic foods. Good with fresh berries."
