### Cake:

Preheat oven to 350. Grease and flour two 8 or 9-inch round cake pans. In large bowl, combine all cake ingredients at low speed until moistened; beat 2 minutes at high speed. Pour batter into greased and floured pans. Bake 9-inch layers for 30 to 40 minutes, bake 8-inch layers for 35 to 45 minutes or until toothpick inserted in center comes out clean. Cool 15 minutes; remove from pans. Cool completely.

### Key Lime Cream:

In small bowl, combine sweetened condensed milk and  $\frac{1}{2}$  cup lime juice; mix well. In large bowl, beat whipping cream until stiff peaks form. Reserve 1 cup of whipped cream for garnish. Gently fold remaining whipped cream into condensed milk mixture just until blended.

### To assemble:

To assemble cake, slice each layer in half horizontally to make 4 layers. Place 1 cake layer cut side up on serving plate; spread with  $\frac{1}{3}$  of key lime cream mixture. Repeat with second and third layers. Top with remaining cake layer. Spread with reserved whipped cream. Refrigerate 2 to 3 hours before serving. Garnish with fresh lime slices. Serves 12-14.
